Ship CreatorOps in One Weekend.

Automate payouts, tracking, and attribution with enterprise-grade developer infrastructure.

Manual Workflows Waste Engineering Cycles.

Stop burning sprint hours on fragile payout scripts, broken webhooks, and chaotic spreadsheets.

FRAGMENTED LEGACY STACK

```
ERR: Webhook timeout (504) - Payout event dropped
WARN: CSV mismatch - 142 affiliate IDs missing attributio
```

More Disputed Payouts

Unified API Platform for Creator Growth.

Connect SDKs, handle multi-tier attribution, and trigger automated payouts in 50 lines of code.

incubrix-sdk.ts

```ts
import { IncuBrix } from '@incubrix/sdk';
const brix = new IncuBrix({ apiKey: process.env.BRIX_KEY });

// Track conversion & execute instant payout
await brix.payouts.trigger({
  creatorId: 'crt_99x2',
  amount: 1450.00,
  tier: 'PLATINUM_AFFILIATE'
});
```

• Status 200 OK

10x Faster Launch. Zero Infra Bloat.

High-growth SaaS founders trust IncuBrix to process millions in creator revenue seamlessly.
